

Benefits In Brief

Welcome!

Things are different in the West. There's a spirit of determination and optimism here that drives us to do more. Our team members are at the core of what we do, and we recognize our continued success is directly linked to team member contributions. Our goal is to provide an environment in which you can reach your full potential in your personal and professional initiatives.

We provide a total compensation package designed to support your personal needs and to motivate you to do your best by recognizing and rewarding top performance. The rewards are provided in two ways: through direct pay and comprehensive, cost-effective benefits.

This brochure provides a brief overview of the benefit plans and other team member resources available if you become a Bank of the West team member. Shortly following your date of hire, you'll receive a benefits enrollment packet that more fully describes the Bank's employee benefits.

The following information is for a quick reference only. It is not intended as a complete description of each benefit. Detailed descriptions are provided on the Bank's intranet site.

Our goal is to provide an environment in which you can reach your full potential in your personal and professional initiatives.

Flexible Benefits

The Bank automatically provides a core package of benefits plus a variety of additional benefits you may choose from to complete your own personalized benefits program. This allows you to tailor your benefits to fit your needs and the needs of your family. And, since most of the Bank's benefits are offered on a pre-tax basis, your overall annual tax liability is reduced.

How Does It Work?

Benefits requiring a contribution are purchased with either pre-tax or after-tax dollars through periodic payroll deductions. During authorized enrollment periods (new hire enrollment, annual open enrollment, and status change enrollment), you may make benefit elections or changes.
