Interest Charges for Covered Members of the Armed Forces and Their Dependents: Federal law provides important protections to members of the Armed Forces and their dependents relating to extensions of consumer credit. In general, the cost of consumer credit to a member of the Armed Forces and his or her dependent may not exceed an annual percentage rate of 36%. This rate must include, as applicable to the credit transaction or account: the costs associated with credit insurance premiums; fees for ancillary products sold in connection with the credit transaction; any application fee charged (other than certain application fees for specified credit transactions or accounts); and any participation fee charged (other than certain participation fees for a credit card account).

If you are a covered member of the armed forces or a dependent, you will not be charged annual fees, transaction fees, or penalty fees so that your cost may not exceed the Military Lending Act annual percentage rate cap. Armed Forces members and their dependents can hear about the protections provided to them by calling 1-866-761-2689 (TTY users call 1-800-659-5495).
